App.controller('myCtrl', ['$scope', function($scope) { var myObj = { 'status': 'Y', 'id': 1 }; $scope.myObj = myObj; $scope.statusChange = function(statusValue) { console.log('status', statusValue); $scope.myObj.status = statusValue; }; }]); Status: {{myObj.status}} Set to Y Set to N A: It looks like the problem is that your default value is being converted to a string, so it is never being passed along as a boolean, which the input then rejects. You can fix this using the type property. App.controller('myCtrl', ['$scope', function($scope) { var myObj = {

Category:Robot control softwareGingival recession: a case series. The purpose of this study was to report clinical observations of gingival recession in a series of patients. The authors examined a total of 32,936 teeth in 649 patients. This study was a retrospective case series using a computerized dental record system. Patients included in the study met a number of inclusion criteria, including a lack of clinical signs, such as mobility, erythema, bleeding, halitosis, plaque, or calculus, and an absence of systemic diseases that could be associated with gingival recession. All follow-up appointments occurred within 2 weeks of the initial visit. The mean age of patients was 53 years (range, 18-92 years). There were 25 males and 76 females. At the initial examination, the mean gingival level was 1.19 mm (range, -0.2 to 4.7 mm). The mean probing depth was 2.36 mm (range, 0.7-4.2 mm). Gingival recession was observed in the maxillary and mandibular arches in 57% of patients. In the maxillary arch, gingival recession was observed in 86 teeth (0.18%) and in the mandibular arch it was observed in 2530 teeth (5.30%). Overall, gingival recession was more common in the maxillary than in the mandibular arch. Gingival recession was most commonly observed in the incisor and canine areas in the maxilla.Peter Rehwinkel to perform fall musical SOUTH BEND -- Peter Rehwinkel, a versatile actor in the Irish Festival Orchestra, will perform in the University of Notre Dame's fall production of the musical Anything Goes. Rehwinkel's performance is set for 8 p.m. Sept. 21-22 and 2 p.m. Sept. 23 at the McCarthey Theatre in the University of Notre Dame Performing Arts Center, 1804 Mishawum Drive. The production, which is directed by Tim Hurn, features a book and lyrics by Adam Gwon, music by Richard Maltby, Jr., and a scenic design by Joe Viscardi. Rehwinkel, one of this season's star performers in Notre Dame's Irish Festival Orchestra, has appeared in popular works such as "Everybody's Talking," "Catch Me If You Can" and "Annie Get Your Gun."
